四、场景话术

【4.1 KOL 要求付费】

We usually work on a referral-based model, but we're also open to discussing an upfront fee. That said, the upfront would typically be a smaller part of your total potential earnings — more as a guarantee, which we fully understand.

What we're looking for is a long-term partner, so we'd prefer to start with a paid trial: one video plus a post in your private group. The initial budget would be relatively controlled, but after 2–4 weeks, we'll have clear performance data and can then move forward with a long-term contract based on the results.

【4.2 KOL 想要实体卡 / 送卡流程】

► 送卡Process

The process on my side would be as follows:

1. First, please download our app and complete KYC. Share me your RedotPay ID.
2. I'll upgrade your account to partner status.
3. I'll provide you with a virtual card first, so you can test and experience the product.
4. After you publish the first video, I'll use the video link to apply for a physical card for you.

Please understand that, according to our policy, physical cards can only be provided to creators we have already collaborated with. I'll do my best to help you apply once the first collaboration is completed.

► 送卡话术（限量实体卡）

- 1 Download the RedotPay App
- 2 Sign up with your phone number or email
- 3 Complete KYC & give me your RedotPay ID

I just checked our system. We only have 2 free physical cards left to give away. We currently only offer limited physical cards for our old partners. If you're willing to join us and publish a video about RedotPay, I can add your RedotPay video link into our system and help you apply for one free physical card.

The process on my side would be as follows:

1. First, please download our app and complete KYC.
2. I'll upgrade your account to partner status.
3. I'll provide you with a virtual card first, so you can test and experience the product.
4. After you publish the first video, I'll use the video link to apply for a physical card for you.

Please understand that, according to our policy, physical cards can only be provided to creators we have already collaborated with. I'll do my best to help you apply once the first collaboration is completed.

► 收到实体卡后

Hey! Once you receive your RedotPay physical card, please take a photo and send it to me first to confirm delivery. After that, feel free to make an unboxing video about it! 😊

In short, we can help forex users withdraw USDT or use USDT online and offline directly by our cards. We hope you can help us promote our card. By registering through your link or code, you can earn commissions on card purchases and also on consumption. We can discuss more if you are interested. If interested, please share your WhatsApp or Telegram.

介绍我们的产品优势

What makes our program special is the lifetime spending commission — even if you stop promoting down the line, you'll still keep earning as long as your referrals are using their cards. And if your audience members refer their friends to get a card, you'll earn commission from that too.

In short, we can help forex users withdraw USDT or use USDT online and offline directly by our cards.

1. Avoid tax
2. Buy funded accounts
3. Directly use USDT in real life or withdraw from ATM

We hope you can help us promote our card. By registering through your link or code, you can earn commissions on card purchases and also on consumption. Many influencers earn 5000 USDT in commissions from consumption alone every month with us.

Shielded P2P Transactions: Partnered only with verified, premium providers to ensure 100% clean funds and zero bank freeze risks.

Instant Checkout & Omnichannel Access: Fully integrated with Apple Pay & Google Pay. Enjoy frictionless transactions anytime, anywhere—both online and offline.

Built for Traders: Secure, fast, and globally accessible.

【4.5 FX 付费视频 — 收集数据话术】

We currently offer upfront mainly to KOLs we've worked with before. For new partners, we usually test first.

If the results are good within 2–4 weeks, we can move to a long-term contract and discuss upfront budget.

For paid collaboration, please first share past performance data from similar campaigns, such as prop firms, exchanges, or card/payment products.

We can start with a trial video and trial post in your private group with a small initial budget. After 2–4 weeks, if the data performs well, we can discuss a long-term contract with much higher budget.

We currently only offer long term contracts mainly to KOLs we've worked with before. For new partners, we usually check the trial performance first. If the results are good within 2–4 weeks after posting the first video or poster in the private group, we can move to a long-term contract or upfront budget.

We currently offer long-term contracts mainly to KOLs we've worked with before. For new partners, we need to check the performance to determine the specific terms of our long-term contracts.

Here's how it works:

1. Sign up for a RedotPay account
2. I'll provide you a free card
3. Once you post your first video, I'll upgrade you to Premium Partner status in our system
4. The video can be in any format — even a simple Reel works! We'll provide full guidelines and support. Just make sure to include your referral link and discount code in the caption or description.
5. Our budget team will reach out within 2–4 weeks after your first post to discuss long-term contract terms or upfront payment.

We are very close to our IPO. There is a third-party audit team in our company right now. Please understand the company policy changes because of the audit team. Hundreds of influencers followed this process and worked with us for the long-term.

【4.6 Affiliate 账户升级回复】

Hi there! Could you please share your social media links or website, your email address, and your affiliate program UID? Thank you! 😊

Here's the thing — I can help upgrade your affiliate account to Level 4. Right now you're at Level 1, and the commission rates are quite different between the two.

On top of that, our app actually has a really great experience — smooth interface, solid mechanics, and some nice perks. So what I can do is: first get your affiliate account upgraded to Level 4, and then also help upgrade your app account as well. And if you don't have a card on the app yet, I can send you one on us. 🎁

【5.1 Onboarding 流程】

►Onboard

- 1 Download the RedotPay App
- 2 Sign up with your phone number or email
- 3 Complete KYC & give me your RedotPay ID

Hi, for the onboarding process, please help with the following:

1. Please provide two different promo codes — one for the virtual card and one for the physical card. Each code should be 5–10 characters, and the two codes must be different. For example: Virtual: APPLE10 and Physical: APPLE100.
2. Share me your invite link in app. (home page - invite friends)
3. After that, I'll help upgrade your account.
3. Please also briefly share how you plan to promote us, and what type of content you mainly create.
4. I'll provide you with the necessary support throughout the process.

Here is a Google Drive link for you. It includes tutorial video guidelines and photos you might need to use.

https://drive.google.com/drive/folders/1qxwoxrzh5w9We5zHA4MGVg4msXQROrBb?usp=share_link

Everything you need is in the Google Drive.

We have a major optional membership update coming soon. It would be great if you could first publish a video or post to warm up your audience, so when the new update goes live, they can immediately recognize and recall RedotPay.

Once I have these details, I can move forward with the next steps.

► Onboarding 完成后

Great news! You are all set and your account is exclusive now. Feel free to check it on App > Homepage > More > Referral > Exclusive Account. Now you are ready to go and I will also track your performance for you. I will be here for you alongside our cooperation and look forward to seeing your implementation of your plan!

Also, just to be transparent, for newly onboarded influencers, another department expects at least 10 card openings within the first 30 days. This is part of our internal cooperation requirement.

Use this when you promote, because clients need these to bind under your ID.

Find link and code in your app.

Limited-Time Offers & Registration

Physical Card Code: [insert here]

Three ways to let your clients bind under your ID:

- Referral link — register at the web
- Referral code — register at the app
- Promo code — when clients buy cards

You can generate posters in the app: Homepage → Invite Friends → Sharing

Use the format below to promote in private groups or YouTube video descriptions or captions on Ins.

【5.4 20% 折扣码申请模板】

We can provide exclusive promo codes, with a 20% off discount for both virtual card and physical card. An exclusive 20% discount code. Even if this user didn't register via your referral code, if they use this exclusive 20% discount code, we can still rebind it to your UID. But the prerequisite is that this user must not have registered using someone else's registration link — once they have a fixed referrer, it cannot be changed. Also, the account must not have activated any card before. Due to the promotional discount applied, commissions are calculated based on the card's discounted price.

Here's an application format for your promo code:

UID:

Code for virtual card:

Code for physical card:

Note: Each code should be between 5–10 characters, and the virtual and physical card codes must be different.

Please create discount virtual and physical card codes and send them to me (You need to create a code and come up with it yourself.), and I will apply the discount code for you.

For example:

UID: 1XXXXXX

Code for virtual card: apple1

Code for physical card: apple2
